

Building Markets Mission

We build inclusive economies for small businesses so that all people have the opportunity to rise.

We do this by opening opportunities for the small business owners who fuel more than **70% of the world's jobs.**

Since 2004, our work has helped more than 27,000 small businesses secure business transactions valued US \$1.4 billion and create over 74,000 jobs.

Our Core Activities: A Journey with MSEs

Problems Facing Marginalized Small Businesses
