Date of this file: October 17, 2023

This video is a tutorial on how to submit a pledge through the new pledge submission form.

First, you will have to access the Global Compact on Refugees Digital Platform, at <https://globalcompactrefugees.org/>

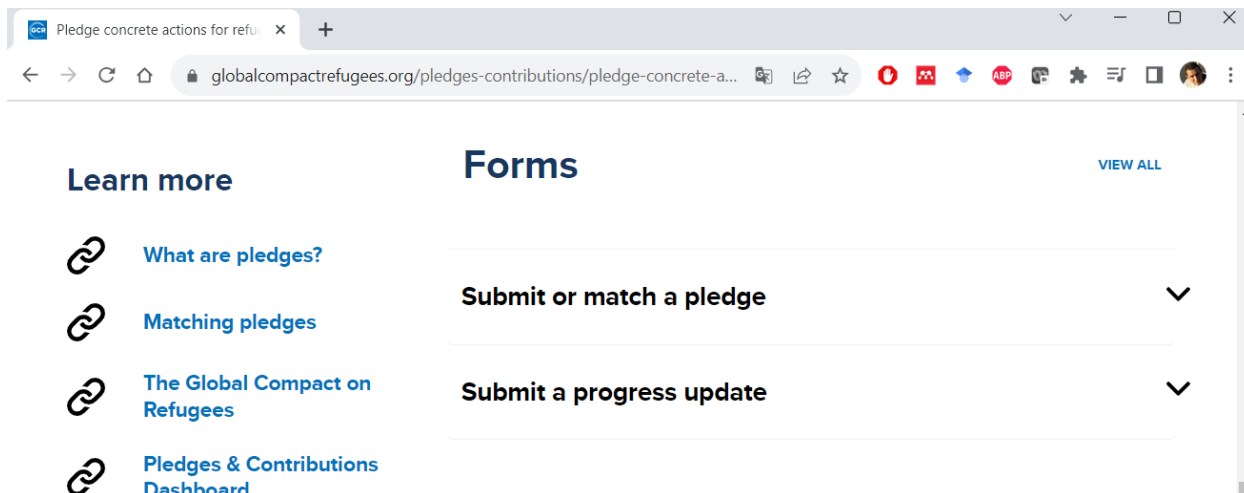

At the top of the page, click on the "Submit a pledge" button.

This will take you to the dedicated pledge submission and pledge update webpage.

Please scroll down to the "Forms" section on this page.

This section consists of two subsections. The first subsection contains the "submit or match a pledge" form. The second subsection is for submitting a pledge progress update.

When you click on "submit or match a pledge," you will open the pledge submission form.

This form can be used for individual pledge submissions, including those which are part of a multistakeholder pledge.

The initial section of the pledge submission form asks for information about the submitting entity.
